Founder/Owner

## The story of Vintage Baked Modern...

**2013...** With a passion for all-natural eating and a love of vintage baking, Apryl Nicksch opens her first food business, Harvest Circle Workshop. Her innovative **Harvest Superfood Balls**—a grab-n-go snack—quickly become popular in Northwest Indiana and greater Chicagoland.

**2019...** Apryl rebrands Harvest Circle Workshop as **Vintage Baked Modern**, developing her own proprietary gluten-free flour blend that serves as the foundation for a line of **chef-approved, gluten-free baking mixes** and gluten-free packaged baked goods.

**2020...** Apryl begins a recipe blog, teaching home bakers how to bake vintage recipes using modern ingredients by sharing methods and pro-tips learned in her years of baking.

**2024 and beyond...** Vintage Baked Modern continues to expand its offerings, adding a line of **artisan baking and frosting mixes**, and **cookie decorating kits**. Building on the success of Harvest Superfood Balls, our product line expanded with **Harvest Superfood Granola**.

For 13 years, our products have been sold at grocery stores, micro-markets, cafes, and hospitality kitchens.
